

## Madison County R/C Flyers Inc.

The Madison County R/C Flyers (with over 50 years of Safe Flying) is an organization of model aviation enthusiasts. MCRCF is a club chartered through the Academy of Model Aeronautics. We are dedicated to the advancement and enjoyment of model aviation. Our Club Motto: **Maximum Enjoyment of the Hobby.**

As indicated by our name, our primary interest is radio controlled flying of model airplanes and helicopters. Our members fly many types of aircraft including primary trainers, gliders, pattern, aerobatic, racers, military warbirds, scale/non-scale combat, giant scale, and electric models as well.

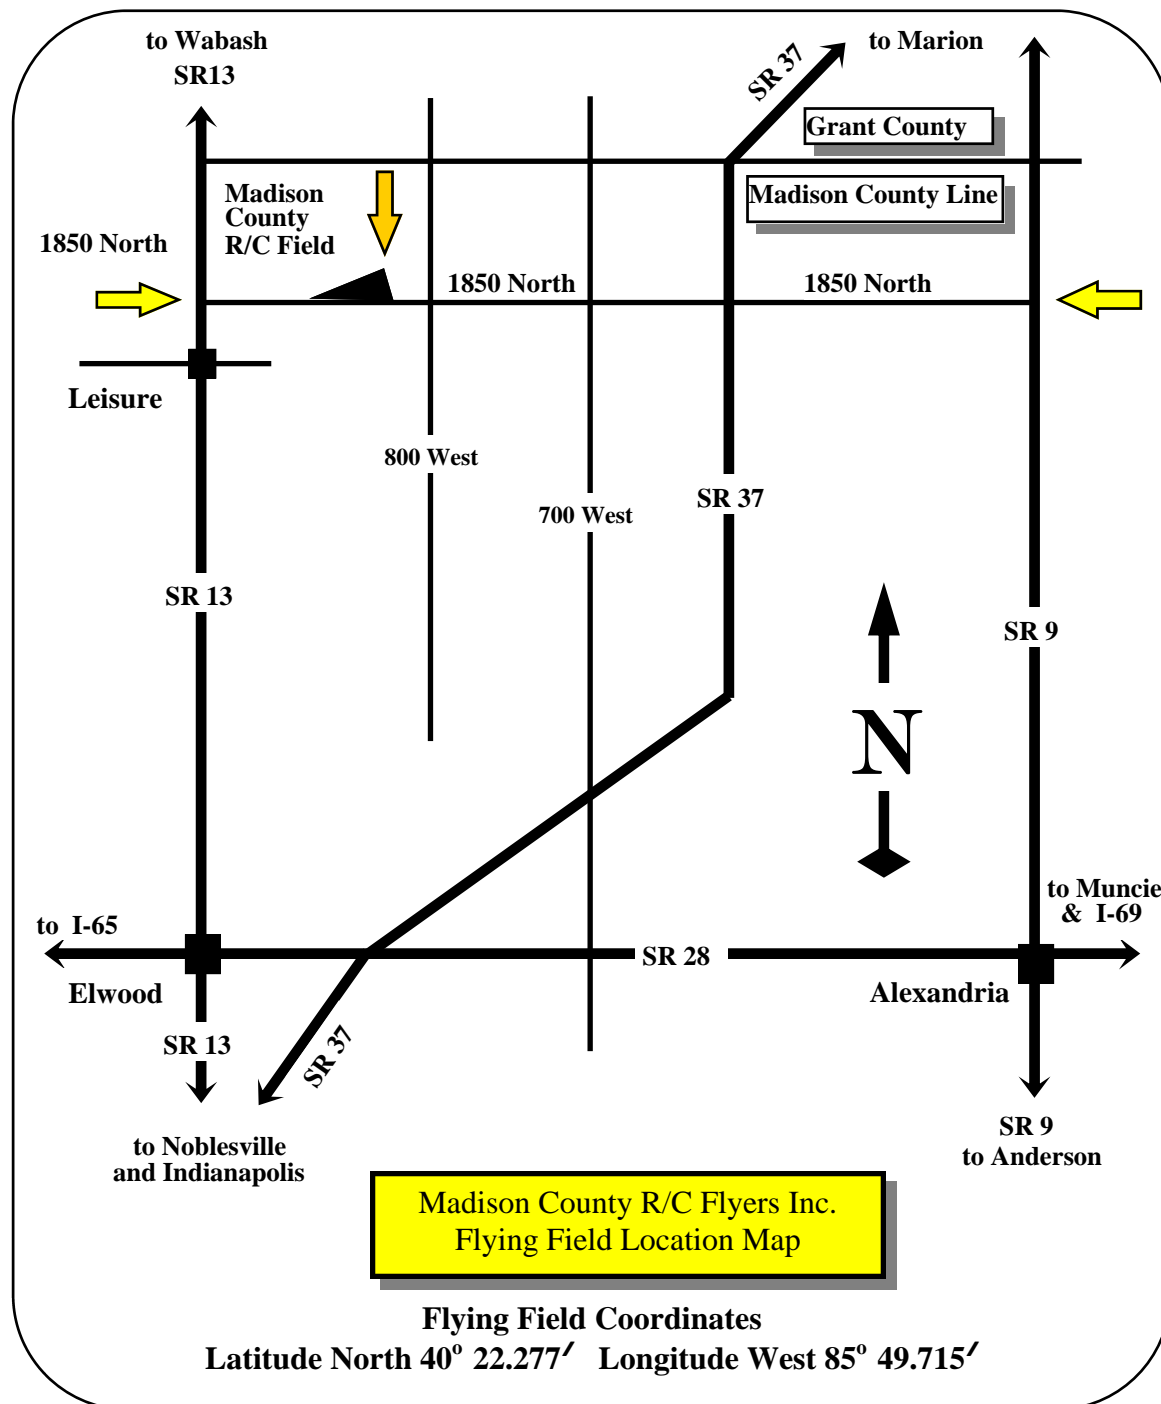

Throughout the year the MCRCF sponsors several events for club members and guests. These events include a mid-Summer fun-fly contest, cookouts, giant scale fly-ins, and an annual swap meet. The swap meet (attracting several hundred modelers from the Tri-State area) is held on Saturday of Thanksgiving weekend. For more information, go to the club website.: [www.madcorc.com](http://www.madcorc.com)

The MCRCF flying site is situated on property leased from a local farmer 6-1/2 miles north of Elwood just off state road 13 (see map). We have four acres with mowed grass for landing East and West or North and South and also a 150 foot Petro-Fabric runway for electrics. We invite you to come and visit our very beautiful and spacious flying field.

The Madison County R/C Flyers hold monthly club meetings (the second Monday of each month at 7:30pm) at the Anderson Airport. Anyone interested is welcome to attend any of our club meetings. Visitors are also welcome to come watch us fly most any Saturday or Sunday.

For more information please visit our club web site at [www.madisoncorc.com](http://www.madisoncorc.com)

We welcome your questions and are here to help.  
Officers and Board of Directors of the Madison County R/C Flyers, Inc.

Mike Sharp invites you to join him & enjoy a very relaxing afternoon of R/C flying.

Bill Dewitt shows off our new Petro-Fabric runway

## MISSION STATEMENT

The mission of the Madison County R/C Flyers is to develop and maintain a social organization of modelers to promote the building and flying of radio controlled model aircraft.

## VALUES

- Encourage the aims and ideals of the Academy of Model Aeronautics (AMA).
- Maintain a safe site for flying model aircraft.
- Secure appropriate insurance for the club and its members through affiliation with AMA.
- Share education, experience and information regarding full size and model aviation.
- Promote more interest in model aviation in our community.
- Organize and promote flying contests and other activities.
- Publish a monthly newsletter for club members & maintain on the World Wide Web a website for club information and links for helpful and recreational purposes.
- Promote interest in the club throughout its many activities.
